Please send this form back to us as an attachment via email. Upon receipt, we will perform a feasibility check on your m-blocks. Please indicate how we should proceed if one or more m-block positions in your order fail our feasibility check:

metabion is allowed to proceed with the synthesis of those m-blocks that do pass the feasibility check.

metabion should remove all the m-block positions from your order (any other item will be processed as normal).

By signing this form, you agree that:

- You are the final user of the requested m-block and/or responsible for the individuals working with it.
- You ensure compliance with all regulations regarding the possession and use of the said material.
- The purchase of the genetic material specified in this order is legal in the country where the order is going to be delivered.
- You will prevent further distribution of the m-blocks to individuals or organizations that might endanger themselves or others by incorrectly using and handling the genetic material.
- Furthermore, you agree to prevent distribution to any individuals or organizations that are not permitted to possess this material.
